BlockBuster Marketing Techniques

The 120-day project to launch our internet marketing has been spectacularly successful on every level. We have moved from Blocked to BlockBuster.

~ Alycia Schlesinger, Manhattan West Mortgage Company

Judith is a truly gifted speaker. She is not only very entertaining, but extremely enlightening. I recommend her for any group or agency seeking a top-notch speaker with a talent to motivate, educate and communicate with people from all walks of life.

~ Pat Hemingway, M.P.H. Ingham Regional Healthcare Foundation

CEO of Health-Esteem, Int'l and Partner of CULTURAL BLOCKBUSTERS, Judith is the expert on getting companies un-stuck as they learn to communicate, produce, and create to maximum potential. Former owner of a multi-million dollar advertising agency, Judith produced commercials for Fortune 500 companies, but her meteoric rise to the top stalled when she became seriously **BLOCKED** by the early symptoms of MS. Judith recovered by scripting an entirely new life. Symptom-free since 1990, Judith has created a 4-step process that she uses to move all of her clients from **BLOCKED to BLOCKBUSTER**, combining feature film development & production with her quest to put others on their Block-Buster paths using some of Hollywood's secrets, successes and story-building magic.
